Appendix A: Table of Changes Effective September 1, 2009

Supplement No. 1 to FERC 93 is being issued July 31, 2009 by Colonial Pipeline Company in order to provide notification to shippers of changes effective September 1, 2009 related to Colonial's current product specifications. The below Table of Changes provides details of the product specification changes being made and the sections and pages within the Shipper Manual affected by the changes. Colonial's tariffs, tariff supplements and Shipper Manual can be found online at http://www.colpipe.com/cs_man.asp.

General Classification of Change	Description and Reason for Change	Shipper Manual	
		Section(s) Affected by Change	Page(s) Affected by Change
New Product Designation	Colonial is adding product specifications for product grades A and D. These additions are being made in order to offer our shippers additional CBOB product designations. These grades are for blending with 10% denatured fuel Ethanol (92% purity) as defined in ASTM D4806.	3.3 and 3.4	2,3,6,10,11,12,13
Cancelled Product Designation	Colonial is deleting the product specifications that were previously labeled A and D grade product. The products are no longer shipped on Colonial Pipeline. These classifications will be used for Colonial's new CBOB product designations.	3.3 and 3.4	2,3,6,10,11,12,13
Cancelled Product Designation	Colonial is deleting the product specifications that were previously labeled W and X grade product. These products were designated for the Atlanta market and are no longer shipped on Colonial Pipeline. CBOB shipments, S and T grades, have replaced the W and X grades.	3.14 and 3.15	2,5,7,36,37,38,39
Cancelled Product Designation	Colonial is deleting the product specifications that were previously labeled E and G grade. These grades are defined as reformulated gasoline blend stocks (RBOB) for blending with 5.7% denatured fuel Ethanol (92% purity) as defined in ASTM 4806. These grades have never been shipped and shippers only elected to ship RBOB for 10% blending.	3.5 and 3.7	15,16,17,21,22,23
Test Method	Colonial is adding test method D1266 and is removing test method D7039. Colonial is making this modification in order to align the product specifications with D1655. This will affect Colonial product codes 53, 54 and 57.	3.14, 3.15 and 3.18	32,34,38
